1. The following personnel changes in the Central Department for Finance of the Ministry for Light Industry were made effective as of 1 January 1955:
  - a. Sprogies (fnu) was named deputy to Abteilungsleiter Handrick (fnu), and given the title of Oberreferent, in charge of Projektierung. The naming of Sprogies as deputy to Handrick was based on the demand that all heads and deputy heads of sections had to be members of the SED. Sprogies replaces Miss Ingeborg Pasenow in this position.
  - b. Miss Christl Wippler was placed in charge of the Planning Section, which post was formerly held by Sprogies in addition to his other functions.
  - c. Miss Ingeborg Pasenow, formerly deputy to Handrick, was relieved of this function, which was transferred to Sprogies; she now holds the title of Referentin fuer Realisierung, which includes the comparison of actual production figures against production plans for each year. (Betriebsueberpruefung, Planabrechnung, Bericht ueber Ergebnisse).
2. Shortly before 8 January 1955, Abteilungsleiter Handrick dictated the draft of a new table of organization for the Investment Section of this department. According to this new T/O, Miss Ingeborg Ubrikat, who has held the position of secretary in the section, was named to the position of deputy to Valentin (fnu), who is in charge of Accounting for General Repairs in the section. The remaining employees are very dissatisfied with the new arrangements, particularly with the naming of Miss Ubrikat to this new post, since they detect a hint of nepotism in this move. Ubrikat is enjoys the personal favor of Handrick, a relationship which is widely known in the department and which has been brought to the attention of the Cadre Section.
